View month works in the same way.

The screenshot shows the 'reservation system' interface. At the top, there's a navigation bar with links: Person, Band, Equipment, Inspect, Help, Logout, and Admin. Below this, a dropdown menu shows '4 May 2009' with a 'Go to day' button. The main title is 'May 2009 - Room Reservation - Room 7'. On the left, there's a legend for reservation status: Reserved (yellow), In-progress (green), Late (under 30 mins) (orange), Late (over 30 mins) (red), and Completed (grey). Below the legend is a list of rooms: Room 7, Room 8, Room 9, Room 10, and Equipment. The main calendar area shows a grid for May 2009. The days of the week are listed at the top: Sunday, Monday, Tuesday, Wednesday, Thursday, Friday, Saturday. The calendar shows reservations for Room 7, with dates and names like Lars, Mister, Hilary, Calvin, Wilson, Jane Doe, and U.S. Grant. The interface also includes links for 'View day', 'View week', and 'View month'.

A day can also be selected from the dropdown menu to the left of the calendar or by clicking a day from the calendars underneath the legend.

This screenshot is similar to the one above, showing the 'reservation system' interface. The navigation bar and sidebar are identical. The main calendar area shows the same grid for May 2009. However, the dropdown menu on the left now shows a list of months from January to December, with 'May' selected. The calendar grid shows reservations for Room 7, with dates and names like Lars, Mister, Hilary, Calvin, Wilson, Jane Doe, and U.S. Grant. The interface also includes links for 'View day', 'View week', and 'View month'.

Clicking on the logo from any page within the reservation system returns the user to the home page.
